

The author platform built around the book — not the algorithm.

For authors building a direct readership. For publishers running campaigns across a roster.

WHAT'S INSIDE

1 Book Clubs

Owned communities you create, invite to, and host.

2 Live Streaming

LiveKit-powered AMAs, readings, launch parties.

3 Subscribers

Portable list, growth stats, CSV export.

4 Reader Q&A

Structured inbox tied to specific books.

5 Signed Copies

Listings, fulfillment, tracking — all native.

6 Gifts + Stripe

Reader tipping with per-author payouts.

FOR AUTHORS

Own your audience. Run your community. Take payments.

Replaces Calendly, Zoom, Mailchimp, Shopify, Patreon, and Goodreads-Author with one workspace tied to the book.

FOR PUBLISHERS

Roll out a roster. Run campaigns per title. Read first-party data.

Verified catalog claims, Stripe Connect per author, launch clubs per title, ARC reader programs.
